Many poker variations use the same betting structure and table positions. Texas Hold'em, Pot-Limit Omaha, and many limit poker games all use a system involving the small blind, big blind, and dealer button, with all other table positions relative to those three spots.

The small blind is always seated to the left of the dealer button, and the big blind to the left of the small blind.

Betting Order

In games that use a blinds system, the first round of betting usually starts with the player to the left of the big blind. After that player acts, the action moves clockwise around the table, until all players have the chance to act.

Some games use a system of antes (a forced bet put in by every player at the table) and a bring-in. The bring-in system usually designates the player with the weakest face up card as the first player to act. After that, the action moves clockwise around the table.
