Black Mamba is the fourth in a series of rock band themed slots developed by Play'n GO - the other ones being House of Doom, Sabaton, and Demon. As was kindly pointed out in the comment section of the Demon review by rock artist Marielle Tengström, much of our criticism that time around stemmed from ignorance of the classic rock scene. Safe to say, we learned a lot from her input and made a promise to ourselves to do better research going forward.

If Demon was a niche slot, Black Mamba is even more so. Not in terms of gameplay, it's a rather typical Play'n GO grid slot offering as you will see, but in terms of the theme. So, who are Black Mamba then? Well, turning to Wikipedia didn't make us much wiser. All that came up was an article about a Ugandan anti-terrorist organisation going by the same name - great guys we're sure, but not what we were looking for. Going by their Spotify bio, Black Mamba is an Italian four-piece hard rock band made up of vocalist Martina Cori, bassist Cecilia Nappo, guitarist Alexandra Maiolo, and drummer Fred Maragoni. Being a relatively small and unknown band, it comes off as a bit of a strange choice for a branded slot. At the same time, it gives us a chance to discover new music while also helping struggling bands with some publicity.

On the production side of things, you can expect loud music, lots of moving parts and blinking lights vying for your attention. A rock club serves as the setting for the game with the actual reels being positioned on a stage. Instead of Greek gods, as is the case in Rise of Olympus, you'll see one of the band members standing next to the reels to indicate the active feature. When it comes to symbols, the lower value ones are represented by various music-related items such as microphones, headphones, guitar picks, and drumsticks with cymbals. More rewarding are the band members - Alexandra, Cecilia, Fred of which 5 in a cluster will give you 5 times your stake. Any combination of those three symbols will give you 3 times your stake.

There are also two wild symbols included in the game - a regular wild which comes in the form of the band logo, and a 2x wild which is represented by vocalist Martina Cori. Land a combination of 5 of her and you'll win 50 times your stake. Highly volatile, you can play the Black Mamba slot across all devices from 0.20 to €/\$100 per spin.

The Aviator Martingale strategy suggests doubling your bet after each unsuccessful round. For example, if you start with a bet of 10 and the plane crashes before cashing out, your next bet should be 20. If that round also fails, you increase your bet to 40.

The 2:1 Strategy\n\n It is regarded as one of the most effective Aviator strategies to win. According to it, the player must constantly wager twice as much, or 2:1. For instance, if your first wager was \$10, your second wager should be \$20. The greater bet should cover the smaller one for this approach to succeed.
