Cornelius Review

Cats are strange creatures for sure, but the mysterious side of the feline species is not what this NetEnt release is about. Cornelius is a cartoonish installment about a chubby cat that has the munchies for a certain type of cracker. He's looking a tad confused there on the left-hand side, as his food bowl is empty. That will change in a major way when either of the bonus features trigger though, and this is a lighthearted and low volatility installment for casual gameplay.

It comes

with lively animations though, which makes the game more entertaining and fun than it would've been otherwise. Everything revolves around the Cash Drop feature, which comes in a simple streak respins variant with dropping cash symbols. It's taken up several notches when the bonus round triggers, as you get 3 modifier symbols to spice things up.

Cornelius Slot - Reels Screen

Cornelius Slot Features

The premium symbols pay

between 10 to 40 x your stake for 5 of a kind wins, and there are no wild symbols to help you out in this game. You need 3 Cash Drop symbols in sight to trigger the Cash Drop feature, and the symbols come with values between 0.25x and 3x your stake in the base game.

It's a streak respins feature where the respins tally resets to 3 for each new cash drop symbol you land, and the cash drop symbols drop one position down per respin. All values in view are collected per spin, and the feature goes on until you run out of respins.

You need at least 3 scatters in view to trigger the Bonus Round, and this gives you 3 free spins. The counter resets per new symbol that lands here as well, but the bonus round comes with several extra modifier symbols:

Cash Drop Symbol -

comes with values between 0.1x and 0.5x your stake, and drops down one position per spin as their values are collected.

- comes with values between 0.1x and 0.5x your

stake, and drops down one position per spin as their values are collected. Up - moves all cash drop and multiplier symbols up one row.

- moves all cash drop and multiplier

symbols up one row. Golden Up - does the same as Up, but it instead moves the symbols as high up as possible.

- does the same as Up, but it instead moves the symbols as high

up as possible. Adder - adds between 0.1x and 0.3x to all cash drop symbols in view.

-

adds between 0.1x and 0.3x to all cash drop symbols in view. Multiplier - boosts all cash drop and adder symbols by x2.

Non-UK players, and anyone eligible, may take

advantage of the Bonus Buy option. The price you have to pay for the bonus round is 100x your stake.

The 200 Spins Cornelius Slot Experience

We had an okay time testing

Cornelius from NetEnt, although the theme is a bit too childish for our liking. Anyway,

if you are curious as to how our 200 spins test session went, you can check out the video below. Only the best moments made the final cut, so simply hit the play button to get started immediately.

Cornelius Slot - Free Spins

Review Summary

NetEnt knows how to

entertain, that much they have proven beyond any doubt a long time ago, and Cornelius is oddly entertaining. It has to do with the catchy animations and snappy game pace more than anything, as this is hardly a game you load in for big thrills. Taken for what it is however, you get plenty of cartoonish bang for your buck here, just not in terms of payouts.

The max win clocks in at only 1,051x your stake, and this number was

achieved in 50 million simulated spins. Serious gamblers will probably not go anywhere near this thing, but it has a certain potential to become a "guilty pleasure" kind of game. The Cash Drop feature is entertaining, and even more so when the bonus round brings modifier symbols. We don't see a massive hit potential when the market trends towards volatile beasts, however.

Pros Cash Drop streak respins

Cash Drop FS w/ 3

modifier symbols

Low volatility casual gaming Cons 1,051x potential (1 in 50m chance)

Customizable RTP ranges

If you love Cornelius Slot you should also try:

Cat

Clans - takes you to the Highlands, and this Snowborn game is all about felines that resemble Scottish clans. You get multiplier wilds, and you can also land random clan battle prizes up to 10,000x your stake. The Cat-a-Pult bonus round comes with increasing multiplier sticky wilds, and the overall max win is 20,000x your stake.

Pawprints of Purrsia - is a Kalamba Games installment in the feline genre, and

it comes with a 5x3 grid with 40 betlines. You get 3 unique bonus rounds, or cash

prizes, from the bonus wheel of dreams, and multiplier wilds in the bonus rounds can

lead to payouts up to 2,883x your stake.

Top Cat - is one to try if you like cartoonish

slots about cats, as this Blueprint installment is based on a TV series from the 1960s.

It comes jam packed with features, as you get a total of 10 bonus games and modifiers.

That should keep you entertained for a while, and the max win is a solid 10,000x as well.

OpenAI anuncia el lanzamiento de su nuevo modelo de inteligencia artificial, GPT-4o

OpenAI anunció el lunes el lanzamiento de su nuevo modelo insignia de inteligencia artificial, llamado GPT-4o, así como actualizaciones que incluyen un nuevo servicio de escritorio y avances en sus capacidades de asistente de voz.

La jefa de tecnología, Mira Murati, subió al escenario entre aplausos en las oficinas de OpenAI y presentó el nuevo modelo como un paso adelante en la IA. El nuevo modelo traerá el rápido y preciso GPT-4 AI a los usuarios gratuitos, donde antes estaba reservado para clientes pagados.

"Estamos viendo el futuro de la interacción entre nosotros mismos y las máquinas", dijo Murati.

"Creemos que GPT-4o está realmente desplazando ese paradigma".

Relacionado: El rival de chatbot de ChatGPT, Claude, se presentará en iPhone

Entre las actualizaciones que OpenAI reveló el lunes se encuentran la mejora de la calidad y la velocidad de las capacidades de idiomas internacionales de ChatGPT, así como la capacidad de cargar imágenes, audio y documentos de texto para que el modelo los analice. La empresa dijo que está implementando gradualmente las funciones para garantizar que se utilicen de manera segura.

El evento también incluyó una demostración en vivo de las nuevas capacidades de voz del modelo, con dos líderes de investigación de OpenAI conversando con un modelo de asistente de voz de AI. El asistente de voz generó una historia de cama sobre el amor y los robots, con investigadores diciéndole que hablara con una variedad de diferentes inflexiones emocionales y vocales. Otra demostración utilizó la función de cámara de un teléfono para mostrarle al modelo AI una ecuación matemática y luego tuvo al modo de voz de ChatGPT caminarlo a través de cómo resolverlo.

Durante la demostración, un investigador le pidió al modelo AI que leyera la expresión de su

rostro y juzgara sus emociones. El asistente de voz de ChatGPT evaluó que se ve "feliz y alegre con una gran sonrisa y tal vez incluso un toque de entusiasmo".

"Sea lo que sea que esté pasando, parece que estás de excelente humor", dijo ChatGPT en una voz alegre y femenina. "¿Tienes ganas de compartir la fuente de esas buenas vibras?"

El anuncio fue objeto de rumores la semana pasada de que OpenAI estaba lanzando un producto de búsqueda que competiría con Google, pero Reuters informó que la empresa ha retrasado la revelación de ese proyecto. El CEO Sam Altman negó que el anuncio del lunes fuera un motor de búsqueda después de los informes, pero tuiteó el viernes que "hemos estado trabajando duro en algunas cosas nuevas que creemos que la gente amará."
