Before Lionel Messi and Cristiano Ronaldo came along, the enduring debate in soccer about who was the greatest player centered on two men: Pele and Diego Maradona.

It was an argument that played out for years on terraces and in bars, on radio and on television. Brazil's Pele, a prolific goal scorer who died aged 82 on Thursday in Sao Paulo, won the World Cup an unprecedented three times as a player in 1958, 1962 and 1970 and put the small town of Santos on the map before conquering the United States with the New York Cosmos.

Maradona, who died at the age of 60 in 2024, guided Argentina to the World Cup in 1986 with perhaps the most influential performance ever at a major tournament and lifted Napoli to unparalleled heights in Italy and Europe.

The argument about whose legacy was greater so divided the football world that when Maradona was voted the player of the 20th century in a FIFA internet poll, there was widespread outrage, with many griping that Pele's earlier career put him at a disadvantage with younger fans.

FIFA held another poll voted on by its own "football family," won by Pele, allowing the pair to share the glory.

"Here Pele, the striker whose territory was the penalty box, a player who scored goals for fun and became Minister of Sport, more your quiet type of person," FIFA wrote at the time.

"There Maradona, possibly the most complete player ever, playmaker and goal-scorer, technically brilliant, unpredictable and impulsive, both on and off the field, a player plagued by a variety of problems for many years."

The cases made on both sides came with a host of subtexts: the Argentine versus the Brazilian, the man of the people versus the establishment figure, the party animal versus the quiet man, the rebel versus the conformist.

Everyone took a side, and the two protagonists were not shy about making their own feelings known.

Pele thought Maradona was gauche and undignified, and Maradona thought Pele was a sellout.

"As a player he was great. ... But he thinks politically," Maradona said, in one of his kinder criticisms.

Pele called the Argentine, who struggled with addiction, "a bad example" and much more besides. Still, the two South Americans got on well when they met for the first time in 1979, Maradona flying to Rio to meet Pele.

Pele was happy to counsel the budding star, and Maradona excited to be fulfilling his dream of meeting the Brazilian.

But their relationship soured in 1982 after Pele criticized Maradona when he was sent off for stamping on a Brazilian in a World Cup tie in Spain.

From then on, they spent decades criticizing each other and then making up, with the praise as sincere as the insults.

Pele was magnanimous on hearing of Maradona's death, saying: "I lost a great friend, and the world lost a legend."

Messi, who strengthened his own claim to sporting immortality by leading Argentina to their third World Cup victory this month, shared a photo of himself with Pele in a terse tribute to the Brazilian star on Instagram, saying: "Rest in peace Pele."

Portugal's Cristiano Ronaldo, eclipsed by Messi at the Qatar World Cup, was more expansive, calling the Brazilian "King Pelé" and an inspiration to millions. "He will never be forgotten, and his memory will last forever in all of us football lovers," he said.

Pensiones australianos y grupos de gobernanza critican el poder de voto que permite a Rupert Murdoch controlar News Corp

Un caso legal secreto sobre el futuro control de la empresa se escucha en el estado de Nevada, EE. UU.

Los fondos de pensiones australianos y los grupos de gobernanza han criticado el poder de voto que permite a Rupert Murdoch controlar News Corp, ya que un caso legal secreto sobre el futuro control de la empresa se escucha en el estado de Nevada, EE. UU.

La empresa mediática global News Corp tiene una estructura de acciones que asigna diferentes derechos de voto según el tipo de acción, lo que permite a Murdoch controlar el imperio mediático y evitar que su influencia se transmita a sus herederos.

Murdoch ha estado en Nevada esta semana para hearings después de buscar cambiar los términos de una fiducia familiar para garantizar que su hijo mayor, Lachlan, siga a cargo del grupo de periódicos y redes de televisión de la empresa, incluidos el Wall Street Journal y Fox News.

La propuesta de eliminar la estructura de clase dual de acciones de News Corp ha sido presentada por el fondo de cobertura estadounidense Starboard Value, quien argumenta que las diferencias políticas en la familia "podrían ser paralizantes para la dirección estratégica" de la empresa, según el New York Times.

La estructura de clase dual de acciones se utiliza comúnmente entre los fundadores de empresas para retener el control de un negocio aun cuando tienen una participación minoritaria en el mismo, con Murdoch poseyendo el 40% de los derechos de voto a través de una participación del 14%.

Debby Blakey, la directora ejecutiva del fondo de pensiones australiano Hesta, dijo a Guardian Australia que "una acción, un voto" es fundamental para una buena gobernanza corporativa.

Blakey agregó que las "actividades de participación, votación y defensa de los intereses de Hesta continúan reflejando esta creencia".

El Consejo Australiano de Inversiones de Superanuación también apoya una estructura de capital con "una acción, un voto".

"El voto es un derecho fundamental de los accionistas y una de las formas clave en que los accionistas pueden garantizar la rendición de cuentas en las empresas listadas", dijo el Consejo.
