Best Betting Sites Reviewed & Compared

We go the extra mile when reviewing betting sites to ensure you can pick one that suits your preferences. Below is a closer look at some of our top picks for January 2024.

We've highlighted the 'best features' and 'biggest negatives' of each site, so you know the pros and cons before deciding whether to sign up. We also pick out an alternative for each bookmaker, so you can check out similar bookies from different betting companies.

Best Welcome Offer: BetMGM

Best Features: The BetMGM welcome offer quadruples your first bet and comes with no wagering requirements. You get four £10 free bets - one on football, one on horse racing, one on a bet builder of your choice and a £10 free acca.

Biggest Negatives: As a newcomer to the UK betting scene, BetMGM is still building its range of existing customer promotions.

Alternative: Pub Sports

Our View: The BetMGM welcome offer gave us plenty of variety and allowed us to place free bets on the most popular UK sports and types of bets. To qualify, deposit and place a £10 bet at odds of evens or greater. These are very fair terms compared to other sign-up offers.

Best UK Bookmaker For Promotions: BetGoodwin

Best Features: There's always a great selection of online betting promos to choose from at BetGoodwin, most of which apply to horse racing. Best odds guaranteed comes as standard here and there are as many as five money-back specials available at any time.

Biggest Negatives: The majority of BetGoodwin's promos apply only to racing. Less popular sports don't come with as many.

Alternative: Parimatch

Our View: We love how BetGoodwin prioritises horse racing. We get money back as a free bet if our horse is beaten in a number of different scenarios. We also like knowing we're betting with a reputable bookmaker, since this is the same betting company behind the Goodwin Racing telephone betting service.

Best Betting Site For Bet Builders: BetVictor

Best Features: BetVictor makes it easy to place bet builders by listing all of the games available for same-game accas in one place. You also get a list of suggested markets to combine.

Biggest Negatives: BetVictor is great for football bet builders but you can't place same-game accas on every sport.

Alternative: William Hill

Our View: We love this betting site's range of live streams across multiple sports and we were able to watch our bet builder picks play out in HD live on our phone. Boosted accas, best odds

guaranteed and money-back specials are also worth a mention here.

Best Live Sports Betting Site: bet365

Best Features: bet365's live betting service is second-to-none. You get more live streams here than with other betting sites and there are a range of offers tied to in-play betting, like early payouts, bet edits in-play and a partial cash-out feature.

Biggest Negatives: Acca insurance isn't available at bet365.

Alternative: Unibet

Our View: bet365 was voted Online Sports Betting Operator of the Year in 2024 for a reason. This site has the best live betting platform of any bookmaker we've reviewed. Even when a match isn't streamed, we get instant updates from bet365's live tracker and access to in-depth statistics.

Established 2001 Bet365 Betting Bonus Bet £10, Get £30 in Free Bets Visit Site #ad. 18+.

Gamble Responsibly. Begambleaware. New Customers only. Bet £10* & Get £30* in Free Bets.

Sign up, deposit between £5* and £10* to your account and bet365 will give you three times that value in Free Bets when you place qualifying bets to the same value and they are settled. Free Bets are paid as Bet Credits. Min odds/bet and payment method exclusions apply. Returns exclude Bet Credits stake. Registration Required. T&Cs, time limits & exclusions apply.

Best Mobile Betting Site: Betway

Best Features: Betway has the most user-friendly UK betting app and with an average rating of 4.7/5 from users on the Apple App Store. A free football score prediction game comes with a £50,000 jackpot and 'Super Boosts' often triple or quadruple the odds here.

Biggest Negatives: Desktop site not as user-friendly as mobile app.

Alternative: talkSPORT BET

Our View: We love freebies at Gambling, so the Betway mobile app is right up our street. It comes with a weekly free bet club, acca insurance, and the free-to-play '4 to Score' game. The app works flawlessly on Android and iPhone devices.

Best Pools Betting Site: Tote

Best Features: The Tote is the best pool betting site in the UK, where you share in the money that has been placed on a market if your bet is successful. This is this bookmaker's most well-known promo, with a £100k prize fund for punters who have a horse placed in the first six races of a selected meeting. That prize fund is bumped to £250k on Saturdays.

Biggest Negatives: There are only three sports to bet on here - horse racing, greyhound racing and football. Fixed-odds betting is not an option.

Alternative: Ladbrokes

Our View: We enjoy mixing things up with pools betting and the Tote is the ideal bet site for this. Along with the placepot, there are pools betting fantasy games like Ten to Follow (minimum £10k top prize) and Tote Fantasy (£7 entry and winner takes 25% of the jackpot).

Best Spread Betting Site: Spreadex

Best Features: Spreadex is the best betting site for sports spread betting, where you can buy or sell a potential range of outcomes instead of placing win-or-lose fixed-odds bets. This is also one of the only UK betting sites with credit facilities.

Biggest Negatives: Spread betting can carry additional risks - especially if you're inexperienced.

Alternative: Sporting Index

Our View: We usually review fixed-odds betting sites at Gambling, so it's refreshing to try out a bookmaker like Spreadex for something a bit different. They don't neglect fixed-odds punters either, with money-back offers like first goalscorer insurance (football) and '2nd to a rag' insurance (racing).

Best Football Betting Site: Bzeebet

Best Features: Bzeebet has the widest range of football betting markets we've seen from any online bookmaker, with daily football odds boosts available across many of them. There are also football acca boosts of up to 77% and free football bets available every Thursday.

Biggest Negatives: There's no live streaming at Bzeebet - we hope to see football streams added soon.

Alternative: HeySpin

Our View: We like the fact that Bzeebet is a retro-style betting site that is easy to navigate. Football takes centre-stage but we also have some keen Esports fans on our team, who rate Bzeebet as one of the best Esports betting sites.

Best Horse Racing Betting Site: Coral

Best Features: Coral's Racing Super Series pits you against other bettors in a prediction game with a £25,000 prize fund. The Coral Racing club is another great feature which gives members the chance to visit trainers' yards and win tickets to the races.

Biggest Negatives: Not the best option for betting on niche sports.

Alternative: Fitzdares

Our View: Coral is our go-to horse racing betting site. Along with its prediction games and racing club, you also get extra each-way places, racing odds boosts, best odds guaranteed and live streams from all the big races in the UK and Ireland.

Best Golf Betting Site: BoyleSports

Best Features: BoyleSports streams selected par 3s during golf tournaments and pays up to 11 extra each-way places for the majors. You get a free £5 accumulator for every five accas placed with the 'Acca Loyalty' promo as well.

Biggest Negatives: Welcome offer isn't the biggest around.

Alternative: 10bet

Our View: BoyleSports tops the list of golf betting sites thanks to its extra place deals and live streams. The football and racing betting options here are also top-notch. A fantasy football game (Fantasy5) has a £10k prize pool and there are price boosts and extra place deals for racing bettors to enjoy also.

Meet Our Team of UK Betting Experts

Our bookmaker review team is made up of active bettors, former betting industry employees and experienced sports betting writers. Get to know our team members a bit better below:

Kevin Taylor - Author is a respected sports betting writer with almost a decade of experience writing about betting for publications like The Sun, The Mirror and now Gambling. Here's what he had to say when we asked him for his #1 online bookmaker:

My Favourite Bookmaker: BetMGM

"I decided to give BetMGM a try recently to see what it was all about, after seeing the name pop up on advertising hoardings at Premier League games. While it's still early days for this betting site, I've already become a big fan.

"The Golden Goals free prediction game has £2million up for grabs if you correctly predict six football scores. Being able to watch sport on betting sites is important for me - and BetMGM already has a nice selection of sports streamed live."

Colm Phelan - Fact-Checker is an eagle-eyed football and horse racing betting expert who brings a wealth of experience to our betting sites review team. He has fact-checked sports stories for leading news outlets and now brings that attention-to-detail to Gambling, having joined the company in 2024. His current favourite betting site is:

My Favourite Bookmaker: Coral

"Coral has become my go-to bookmaker recently, as I get more price boosts here than anywhere else. I like to bet on a few different sports and Coral has enhancements for all of them in its 'Odds Booster' section.

"I get best odds guaranteed and extra each-way places on racing as well, which comes in handy when betting on the likes of Cheltenham."

Jamie Casey - Editor manages a Gambling team that covers sports betting news from all angles. The GDC news team brings punters the latest tips, odds, betting guides and promotions from the best betting sites. Jamie brings this experience to the table when editing this page to ensure all content is up-to-date. His go-to betting site is:

My Favourite Bookmaker: Ladbrokes

"My favourite bookie has to be Ladbrokes and the reason is simple – free bets. I use their sportsbook regularly and get free bets much more frequently than with other bookies.

"Most of the free bets come from playing their free football prediction game '1-2-Free', which

rewards correct score predictions."

How we Review Betting Sites

We review the UK's best betting sites by registering an account with all available bookmakers - including the latest. We then place bets and try out the site in the same way any other punter would.

Here are some of the criteria we use when testing and comparing bookies. These are key factors you should consider when choosing your next betting site.

Licensing & Security Any online bookmaker we recommend has to be licensed and regulated by the UK Gambling Commission. This is the ultimate benchmark in gambling regulation and it means betting sites are regulated and legal.

Welcome Offers Examine a site's welcome offer as a priority when choosing which online bookmaker to bet with. The free bet bonus value should be high and the terms and conditions shouldn't be restrictive. Our reviewers go through the small print so you don't have to and highlight the best deals.

Regular Promotions Bonuses and free bets should be available on a regular basis after you sign up. Regular promotions come in the form of loyalty bonuses, random free bets, money-back offers like or specials around major sporting events.

Mobile Experience The best betting sites need to deliver a smooth mobile betting experience. Many online bookmakers have downloadable for Android and iOS devices with quick loading times and user-friendly designs.

Betting Market Variety Betting websites must have a wide range of markets to choose from. This has long been one of the first things we look for when carrying out bookmaker reviews at Gambling. A bookie can have all the fancy features it wants, but if all types of bettors aren't catered to, it's a big negative.

Competitive Odds We expect the best betting sites to provide bettors with value for money. When trying out sites, we compare odds from dozens of bookies. This process allows us to separate the best-priced bookmakers from the rest.

Payment Options & Payout Speed Licensed sports betting sites must accommodate a range of payment options. We expect to see debit cards from Visa and Mastercard supported, along with popular e-wallets such as PayPal, Trustly, Skrill, Neteller, Apple Pay and ecoPayz. Instant deposits are a must and withdrawals should reach your account within 48 hours.

Quality of Customer Support The more available customer support channels, the better. Live chat is the handiest way to get a question answered and every bookmaker should have this facility available. Email and toll-free phone number details should also be provided. The best betting sites often help out customers through their social media channels as well.

Ease of Sign-Up You shouldn't have to jump through too many hoops to sign up to a betting site. It should be a simple, secure process that doesn't take too much effort. Safety is a priority for our review team, so we want to see bookmakers carrying out the necessary legal checks. However, we don't recommend bookies that overcomplicate the sign-up process.

Industry Reputation UK betting sites have to come from betting companies with a solid reputation in the gambling industry if they are to feature on this page. We believe that betting companies should pay the price if they stop doing the right things, so you won't see any disreputable names in Gambling's list of recommendations.

In-Play Betting Options These days, the best betting sites must offer 24/7 live betting. In-play betting is the perfect tool for strategic punters who want to take advantage of odds while a sporting event is live. You should be able to enjoy super-fast live betting with a simple click or tap of a button. It also helps if a bookmaker has live streams, so you can watch while betting.

Customer Feedback Take into account what other bettors are saying about bookmakers before deciding whether or not to sign up. If a betting site receives terrible reviews on forums or app stores, it's a big red flag, as there's usually no smoke without fire. At Gambling, we only recommend UK betting sites that have proven to be a hit with punters.

User Interface & Design A well-designed betting site with an intuitive user interface is crucial. It should be easy to navigate, aesthetically pleasing and responsive, to ensure a good all-round

user experience.

Responsible Gambling Features All bookies licensed by the UKGC must have responsible gambling features - but some betting sites do a better job of this than others. We check each site we review to ensure they take responsible gambling seriously and provide tools to anyone who needs them.

Blogs, Tips & Betting Guides Some of the best betting sites have tipsters and brand ambassadors that provide tips to punters in site blogs and news sections. Take these with a pinch of salt as some are better than others - but it can sometimes be useful to check out what ex-players or ex-jockeys are saying.

How to Fund Your Online Betting Account

Banking options are an important factor to consider when choosing where to bet and these should be highly flexible. You should also be able to withdraw any winnings quickly and seamlessly.

Some of the most popular payment methods at online betting sites are:

Visa Debit

Debit Mastercard

PayPal

Apple Pay

Skrill

Neteller

Paysafecard

How to Gamble Responsibly

The best betting sites must take seriously. Remember, for the vast majority of us, betting is entertainment rather than a source of reliable income. Here are a few tips to help you bet safely and responsibly at UK betting sites:

Stick to a Betting Budget: Ensure that you bet within your means by sticking to a budget. Have a set amount of money that you can afford to bet with on a weekly or monthly basis and don't go over this limit.

Have a set amount of money that you can afford to bet with on a weekly or monthly basis and don't go over this limit. **Don't Chase Losses:** Bet with your head and not your heart. Chasing losses is never a good idea, so never bet emotionally as you could incur greater losses if you are unsuccessful.

The online bookmakers we recommend have tools to help keep betting fun and under control. If you need to take some time out or to set some betting limits, make use of the tools they provide.

Why we Only Recommend UK Betting Sites With UKGC Licensing

As we've mentioned throughout this guide, the UK Gambling Commission seal of approval is a must for reputable betting companies. The UKGC is one of the most respected regulatory bodies in the world of online betting and there are a number of reasons why it has gained such a reputation, some of which are expanded upon below:

Personal Data Protection: The UKGC regulates online bookmakers so that they keep bettors' personal data safe. Personal data can only be obtained for the prevention of crimes such as money laundering and not for any other purpose.

meaning it won't be permitted to operate in the UK.
