Summary

888 is an

absolute leviathan in the world of online gambling.

They've been in this business since

1997. They're licensed and regulated by every jurisdiction under the sun, so you know you're dealing with a well-established and battle-hardened casino here.

However, over the years they've picked up tricks on how to maximize money from their players. When you use their website you're constantly bombarded with bonuses and advertising to keep you playing, and it very much betrays their opportunistic attitude toward their customers.

Sure, their casino is solid, and they have one of the biggest selections of casino games, but their marketing tactics make me feel uncomfortable.

In my opinion

there are smaller and more honest roulette casinos out there that are more deserving of your business.

888 has been in the gambling game for a long time... since 1997 to be precise. They're one of the oldest companies in the world when it comes to gambling on the Internet, and they've been listed on the London Stock Exchange since 2005 (LON:888).

As a result, two things have happened:

You can trust them to pay out. They've become old and cumbersome.

They've kept their products updated with the times, but you can feel the weight of the corporate fat that has built up over the years. New features have been cobbled together and layered on top of old systems so much that it's no longer the efficient online casino it used to be.

It works, but it's not a pretty sight.

But worst of all is that 888 know where their money comes from, and they push this edge to the maximum. They have no qualms about plastering you with brightly colored adverts and bonuses to keep you playing at every opportunity. To them you're just a money cow with a gambling addiction asking to be milked.

888 Casino is regulated

by both the Malta Gaming Authority and Great Britain Gambling Commission, but it seems as though they spend most of their effort ticking regulatory boxes as opposed to creating a product that is empathetic towards anyone who wants to gamble online.

For

example, they were fined £7.8 million in 2024 for failing to protect vulnerable customers:

Shares in 888 Holdings fell by 8% after the company revealed it was under investigation by the Gambling Commission (UKGC) in May 2024. The company was fined a record £7.8 million in August 2024 after more than 7,000 customers were allowed to retain access to their betting accounts even after they decided to ban themselves. Self-excluded players were allowed to place bets for 13 months before 888 Holdings was fined.

If you know what you're dealing with, 888 remains a viable option for playing roulette online. Just be aware that you're just a source of money to them and nothing more.

Website: Poor

It's all style and slow pages.

The 888 Casino website is brightly colored and heavy. It looks good, but it's not the seamless experience it tries to be because it's sluggish and jumps around as the pages load.

The design is cool, but the usability is irritating. Sometimes less is more, and the simpler layouts found at Yeti Casino and Cloudbet are far more enjoyable to navigate.

It feels as though over time they have just been piling more and more on top of the website until they've ended with with a beast of a casino that's beginning to wheeze under the weight of its own code.

And the annoyances do not end there:

Different sections of the website open in new tabs. You end up with an annoying bunch of tabs cluttering up your browser as you navigate around during a session.

You

end up with an annoying bunch of tabs cluttering up your browser as you navigate around during a session. You're constantly bombarded by ads for bonuses and games. It's tedious having to close them just to get on with what you want to do.

I can see what

888 are going for, but at the end of the day all you want is a website that loads quickly and works, and 888 prefer to just look good.

Mobile: Good

Mobile: Yes

iPhone

App: Yes

Android App: Yes

888 Casino has a fully responsive website, so it works on both desktop and mobile. If anything, the mobile website provides a better experience due the fact that it's more compact.

There are also iOS and Android apps available that you can download, but these are essentially just the same website packaged in to an app. You can download them if you prefer, but you'll get the same experience as visiting the casino in your mobile browser.

Overall, the mobile version of their casino

is usable. It takes a Netflix-style approach the layout of the games on offer (side-scrolling categories), and the navigation is intuitive. It's clear 888 Casino has put a lot of effort in to their mobile website design.

It's a shame their desktop version isn't as easy to use.

Games: Good

Roulette Variants:

Providers:

No shortage of

roulette at 888 Casino as long as you like the classic versions of the game.

888 Casino

has a good selection of roulette games, which is only to be expected from such a big casino. They have all the classic variants of the game like American, European, and

French, along with some modern variants like Lightning Roulette.

However, they do not

have the same variety of games that can be found elsewhere, which is due to the fact they use a smaller number of game providers than some of the other large online casinos like Betsafe. They're basically sticking to the classic versions of the game mostly (which I personally prefer, as modern variants tend to have a worse house edge anyway).

On the other hand, 888 Casino has a very wide selection of tables in their Live Casino section. They've realized that more and more players prefer the option of playing live roulette, so they have focused on expanding their offering in that area over recent years.

Banking: Good

Payment Methods:

The payment methods vary significantly from country to country, so some of the deposit options above may not be available to you depending on where you live.

I have never had a problem withdrawing money from 888 Casino. That's something I'll admit they actually do well.

888 Casino offers all the major deposit and withdrawal options. They've been in this business for a long time, so they've got a lot of experience with helping people to get money in and out of their casino.

But in

general, they accept deposits from cards and online wallets. The fact they also accept PayPal (in some countries) is what attracts a lot of players to 888.

Unfortunately

there is no bitcoin option, but that's only to be expected from such a regulated operation.

Bonus: Okay

Bonuses vary from country to country. This bonus highlights their typical bonus structure.

Amount

Winnings Trap. You forfeit any winnings if you do not redeem the full bonus within 90 days.

Winnings Limit. Winnings are capped at R\$/€/£500 during the bonus period.

This

is a typical bonus with slightly better-than-average terms and conditions. The wagering requirement of 30x is lower than average, and the 90 day time frame for redeeming the bonus is longer than average.

Unfortunately the money you wager on table games like roulette and blackjack only count 10% towards the wagering requirement, so it's still a bonus designed to get you hooked on playing slots (which counts 100% toward the wagering requirements).

But on the plus side, even the maximum winnings you can withdraw is capped at R\$/€/£500, big wins from progressive jackpots can be withdrawn. This is a rare rule that most online casinos will not make exceptions for, so it works very much to your advantage if you get lucky.

Overall it's a respectable offer, although it's still not quite good enough for me to risk forfeiting my winnings to take them up on it.

Support: Awful

Support at 888 Casino is

awful. You'll be lucky to get a reply, and if you do it will take at least 3 or 4 days to hear back from them.

Customer support feels like a massive inconvenience for 888

Casino. I understand they're a big company and must receive a large number of support queries on a daily basis, but they have gone to extreme lengths to avoid having to help their players.

The main way to contact 888 is through a web form that looks like it was built in 1997.

There is no Live Chat, and a telephone number is nowhere to be found.

I get the feeling that 888 Casino don't want to be contacted. All they want is for you to deposit money, lose, and to not bother them in any way at all.

I've not had to send a

serious query their way, so maybe if I had a major problem then my emails would get escalated. But that's just a hope. From my experience, support at 888 Casino is practically non-existent.

Conclusion: F

888 Casino is a giant online casino that serves

its purpose: you can deposit, play roulette, win money if you get lucky, and cash out without a problem.

But it's not a company I enjoy using.

Their focus is to milk as

much money out of you as possible by bombarding you with ads and bonuses while you play. In my view a casino should just offer you the option of gambling, and otherwise keep out of the way as much as possible. 888 Casino on the other hand just sees you as a source of profit.

The only positive thing about 888 Casino is their history and size.

They're a publicly traded company under heavy regulation, so there's no question that they're going to pay out if you win. But all of the casinos I've listed on this website are reliable in that regard.

888 Casino is a popular option for gambling online (which

is why I've reviewed them here), but in my opinion there are much more enjoyable online casinos out there.

This game is played like roulette, but you can't bet on or cover zeros. The object is to guess what number the ball will land on after it bounces. It's best to place R\$1 bets which give you the maximum odds of winning. The roulette wheel has 36 numbers from 0-36.

[douze premier roulette](#)

In all versions of the game, the highest number on the roulette wheel is 36. This is true for American roulette, which has 38 pockets (including zero and double zero), as well as European

and French roulette, which have 37 pockets (including zero).

[douze premier roulette](#)

For this strategy, you start by wagering the table minimum on a 50/50 outside bet. You keep betting that amount until you lose. When that happens, you double your bet for the next spin and keep doubling your bet until you win.

No. There are 18 black slots, 18 red slots and two green slots (0 and 00) on a US roulette wheel*. Your chances of hitting a black or red are equal, 47.4%. This translates to a 52.6% probability that the house will be scooping up all your chips on a black/red bet.

Reconstrução de Antáquia: planejamento para um futuro resiliente

Editor's Note: A chamada à Terra é uma série editorial comprometida douze premier roulette relatar os desafios ambientais que o nosso planeta enfrenta, juntamente com as soluções. A Iniciativa Perpetual Planet do Rolex se associou a

O próprio terremoto poderia ser medido douze premier roulette segundos, mas para as pessoas de Antáquia, na Turquia, as reverberações eram praticamente impossíveis de quantificar.

Mais de 50.000 pessoas morreram e milhões mais foram deslocadas quando dois terremotos de magnitude 7,8 e 7,5 abalaram a região sul do país e a Síria setentrional douze premier roulette 6 de fevereiro do ano passado. A ONU avaliou o custo de reconstrução da região douze premier roulette mais de R\$100 bilhões.

A cidade de Antáquia (historicamente conhecida como Antioquia), capital da Província de Hatay, foi uma das piores atingidas na Turquia, com quase 80% dos edifícios relatados como danificados além do reparo.

Foi uma devastação "além da imaginação", de acordo com Nicola Scaranaro, da Foster + Partners, o escritório de arquitetura que publicou o seu plano-mestre o mês passado para não apenas reconstruir e revitalizar a cidade, mas para "future-proof" contra terremotos, inundações e outras ameaças naturais.

É um objetivo mais fácil de dizer do que de se fazer douze premier roulette uma área historicamente propensa a terremotos, com o último ano sendo o sétimo a destruir Antáquia desde douze premier roulette fundação no quarto século a.C., disse Scaranaro.

A cidade está localizada ao pé do Monte Habib Neccar na vale do rio Asi e douze premier roulette proximidade com o rio significa que o impacto destrutivo dos terremotos é exacerbado por um fenômeno chamado licuação do solo, que vê o solo perder douze premier roulette rigidez e atuar mais como um líquido.

Com vastas áreas de edifícios ao longo das margens do Asi, inundações também têm longa data ameaçado os residentes de Antáquia. Mais de 45.000 residentes douze premier roulette 2,5 milhões de metros quadrados corriam o risco de serem afetados por inundações mesmo antes do terremoto do ano passado, estimou a Foster + Partners, com a probabilidade de incidentes apenas para aumentar à medida que a crise climática avança.

Garantir a resiliência a ambas as ameaças recorrentes esteve no coração das considerações

quando, seis meses após o terremoto, a empresa foi comissionada pelo Conselho de Design da Turquia - uma organização sem fins lucrativos - para liderar um consórcio internacional de equipes douze premier roulette desenvolver uma estratégia para reconstruir a região.

O projeto de arquitetura e design de rua atuará como a primeira linha de defesa contra o impacto dos terremotos, incluindo edifícios compactos que devem lidar melhor com a atividade sísmica do que as grandes e longas estruturas douze premier roulette forma de L que pontuavam Antáquia anteriormente.

Blocos de superquadra do bairro, inspirados douze premier roulette Barcelona, promoverão zonas sem carros que garantem múltiplas rotas douze premier roulette caso de desastre; tanto para serviços de emergência quanto para residentes fugindo.

Este arranjo também é benéfico para a qualidade de vida, explica Scaranaro, levando a um trânsito menor - um grande deslocamento para uma cidade anteriormente dominada por carros - e um maior número de espaços urbanos verdes.

Os espaços verdes podem desempenhar um papel integral na proteção contra inundações, adicionou ele, com uma grande quantidade de terra ao longo do rio marcada para não ser reconstruída. Em vez disso, um aterro-ribanceiro contínuo e parques preencherão essas áreas de alto risco, atuando como uma zona tampão natural quando as margens transbordarem e absorvendo a água da enchente.

Plantados com espécies nativas, a rede de espaços verdes e parques comunitários locais fornecerá vital habitats para flora e fauna e atuará como "corredores verdes", permitindo que a vida selvagem se mova livremente. A abordagem também ajudará a atingir o objetivo do plano-mestre de duplicar a quantidade de espaço verde dedicado por capita.

"Nós sentimos que o acesso aos espaços verdes não era muito democrático", disse Scaranaro. "Se nós realmente usarmos o que está lá, respeitar a natureza e criar essa bela rota de biodiversidade, damos à cidade algumas boas rotas para pedestres, rotas de ciclismo e espaços verdes."

Como cidades esponja podem lidar com enchentes

A construção começou enquanto o plano-mestre era sendo desenhado, com a empresa de consultoria de engenharia Buro Happold prevendo que a revitalização completa da cidade levará 10 anos.

No entanto, os autores do plano-mestre esperam que lições sejam aprendidas muito antes da última tijolo ser colocado. O consórcio de planejamento quer estabelecer um "novo rascunho cooperativo para a revitalização de cidades atingidas por desastres" douze premier roulette todo o mundo, uma abordagem climático-primeiro que Scaranaro acredita ter faltado.

"Isso deveria estar à frente - às vezes não é", disse ele.

"Infelizmente, à medida que lemos as notícias, há muitos desastres naturais semelhantes acontecendo ... Como podemos implementar esse nível de resiliência antes que algo aconteça? "É fundamental que olhemos para isso. Nós usamos o termo sustentabilidade, mas às vezes precisamos dar um sentido a isso."

No entanto, apesar de douze premier roulette abrangência mundial, o plano foi escrito principalmente para, e parcialmente por, as pessoas de Antáquia, insistiu Scaranaro.

A preservação do "espírito" da cidade foi um objetivo central ao lado da revitalização e das novas características

Cidadãos mais velhos douze premier roulette particular foram convidados a entrevistas cara a cara para relatar suas memórias de, e esperanças para, a cidade.

Em uma entrevista com um morador idoso vivendo douze premier roulette um dos compostos de contentores estabelecidos para cidadãos deslocados no imediato pós-terremoto, Scaranaro foi

informado: "Não confio mais nesses edifícios, porque esses edifícios me traíram."

Para o italiano, foi uma citação que sublinhou seu propósito na cidade.

"Isso não trata-se de edifícios; trata-se de construir confiança e um senso de pertença. Queremos que as pessoas se sintam como se tivessem construído o lugar de volta", disse Scaranaro.
