Cash game

Cash games, also

sometimes referred to as ring games or live 4 action games, are poker games played with "real" chips and money at stake, often with no predetermined end time, with 4 players able to enter and leave as they see fit. In contrast, a poker tournament is played with tournament chips 4 worth nothing outside the tournament, with a definite end condition (usually, only one player left), and a specific roster of 4 competitors.

Rules [edit

]

Players may freely buy into or cash out of a cash game between hands.[1] However, it is 4 normally prohibited for a player to remove a portion of his or her chips from the table. This is known 4 as "going south".[2] For example, if a player buys in for R\$100, then wins R\$100 (for a total stack of R\$200), the player 4 may not remove the original R\$100 buy-in while remaining seated. He would have to forfeit his seat, possibly wait to rejoin 4 the game, and buy in again for R\$100; however, many cardrooms prohibit the practice of buying in again unless a certain 4 time period has elapsed before the player rejoins. Similarly, cash games are played for table stakes. If a player attempts 4 to put additional money onto the table (from his/her wallet) in the middle of a hand, he may not do 4 so until the conclusion of said hand.

In "no limit" poker cash games, some

cardrooms have a maximum buy-in for cash 4 games. In limit poker games, there is seldom a maximum buy-in because betting limits already limit the amount a player 4 can wager on each hand.

In a casino, a rake is usually taken from a pot if a flop is shown 4 and the pot reaches certain values.[3] Some games take a time rake instead of a pot rake. In these games 4 players pay a seat charge every half-hour.

Ring games [edit]

While the

terms "ring game" and "cash game" are often considered synonymous in common usage, opinion differs on the true definition of "ring game". For example, in the glossary of Doyle Brunson's Super System 2, a ring game is defined as "A game with a player in every seat, that is, a full game—as opposed to a shorthanded game".[4] As such, the term "cash game" may be considered a more precise depiction of the kind of game commonly found in most casinos or home venues; that is, a non-tournament game played for actual money (or chips representing actual money), without regard for the number of players seated at the table at any given time.

Comparison with tournament games [edit

]

Tournaments and cash games have different basic strategies. One difference between tournaments and cash games is that the blind/ante structure of tournaments increases periodically over the course of the tournament, whereas the blind/ante structure of cash games remains constant. Another difference between the tournaments and cash games is that a tournament sticks with a predetermined style of poker, and cash game players, depending on house rules, may have the option of playing other types of card games. Some online cash games offer a variety of choices limited only by the game software.

Other differences between cash games and tournament poker are that, in cash games sometimes straddles and chops are allowed. A live straddle is a dark bet of two big blinds by the player first to act, who is then entitled to bet again if the bet is not raised. A chop is an agreement between the players in the blinds to retract their blind bets if no one else has bet. A chop prevents the casino from taking a rake from the pot. Also, cash games sometimes allow players to reduce the element of luck (often called "variance", especially by professional players) by splitting large all-in pots. Since online platforms can instantly calculate each player's pot equity at the time they go all-in, some online cash games allow such pots to be split based on this equity. Players who opt for such an arrangement will receive a share of the pot based on his or her odds of winning (from the time all players still in the pot exposed their cards) once all of the cards have been dealt. An alternative method of reducing variance, used both online and in live games, is to run the board multiple times to ensure that the person with the best odds of winning gets the largest share of the pot more often.

Examples [edit]

An example of a cash game is broadcast on the United States subscription-based streaming service PokerGO as High Stakes Poker. The Bellagio casino's "Big Game" is a high-stakes permanent cash game, featuring a wide variety of rotating poker games with and without limits.[5]

download zebet ng :full match sport

In regular poker, each player is dealt a complete hand, while in Texas Hold 'em, players are dealt two "hole" cards and then use five community cards to make the best possible hand. As for which game is more fun, that is subjective and depends on personal preference.

En una fábrica en las laderas de la montaña Kosciuszko, se fabrican escobas a mano

Un suave olor a mijo llena el aire en un granero ubicado justo enfrente de la carretera Snowy Mountains. Se puede escuchar el siseo de una máquina de coser neumática y el interesante cháchara de los turistas. Han venido a observar cómo se hacen las escobas.

La Fábrica de Escobas Tumut ha estado elaborando escobas de mijo a mano desde 1946, abasteciendo a mayoristas y visitantes que recorren los caminos sinuosos.

Una pareja, de Brisbane, dice que la fábrica estaba en su "lista de visitas" en un viaje alrededor del país. Otros han hecho el viaje relativamente corto e indirecto desde Canberra, y otra familia ha viajado desde la región victoriana.

"La gente ama ver a las personas que hacen cosas", dice Andrew Wortes, quien hace escobas de la tercera generación. "Están asombrados de que puedan entrar en una fábrica y ver a las personas hacer algo, como escobas, o herreros y visitar ferias de oficios perdidos en Australia".

Una escoba se cose junto a la fábrica Tumut Broom.

Wortes, de 28 años, estudió música en Melbourne, pero se mudó a la ciudad de 6,000 en 2024, justo antes de que la pandemia amortiguara la escena de la música en vivo.

"Crecí alrededor de esto y solía venir y ayudar a cortar las cuerdas y terminar las escobas", dice. "Pero solo puedes aprender hasta cierto punto hasta que realmente tengas que hacer una escoba".

Ahora es dueño de la fábrica, después de haber comprado a su padre, Geoff Wortes, y a su socio comercial, Rob Richards, en 2024.

Andrew Wortes compró la fábrica a su padre y a su socio comercial en 2024.

Le toma seis meses aprender a hacer una buena escoba, dice Wortes. Ahora, con cuatro años de experiencia, puede hacer más de una docena cada día. El hacer escobas se balancea entre recibir a visitantes, manejar pedidos mayoristas y administrar el negocio.

"Hubo muchas curvas de aprendizaje, no es solo la elaboración de escobas", dice Wortes. "Hay coser, trabajar en las máquinas ... Son todo un tipo peculiar de maquinaria que requiere su propio conjunto de conocimiento y habilidades. No puedes llamar a alguien para que venga a repararlo".

Wortes dice que le toma seis meses aprender a hacer una escoba – ahora hace más de una docena cada día.

'La gente aprecia que sea hecha en Australia'

La mayor parte del mijo utilizado en la fábrica se importa de EE. UU., Después de ser cultivado en México. *Sorghum vulgare*, conocido como mijo de escoba o mijo de broomcorn, crece mejor en suelos que estén consistentemente a 20C o más y debe ser cosechado a
