Installing GGPoker on Ubuntu with VirtualBox (or any other windows program) Jacek Góraj · Follow 4 min read · May 9, 2024 -- 2 Listen Share

Hey,

I struggled a lot with trying to install GGPoker on my Ubuntu. Tried wine and PlayOnLinux, but none of the options were working for me. After three days I've decided to use good old VirtualBox with Windows and I want to share how to do it.

So you can actually use this guide for any other windows program that you cannot install with wine or PlayOnLinux. It's a stable solution and I highly recommend it when any other options have failed :).

My computer spec

```
$ uname -a
```

```
$ lsb_release -a
```

Steps

Enabling virtualization in BIOS

Downloading windows ISO

Configuration of VirtualBox (VB)

Enabling virtualization in BIOS

This requires system restart and entering BIOS.

Restart your PC Open the system's BIOS menu. This can usually be done by pressing the delete key, the F1 key or Alt and F4 keys depending on the system. Now look for anything similar to Virtualization technology. One possible location can be System Configuration tab. Enable it.

Virtual technology in BIOS. Borrowed from <https://youtube/watch?v=wPYzVBmz50o>

Downloading windows ISO

An ISO image is a disk image of an optical disc. We will mount it and install.

Go to Microsoft Windows ISO download page Pick a windows version (win10 in my case) and language. Make sure you pick the right system architecture. In my case 64-bit

Windows ISO download page.

4. Download the ISO file

Windows

Configuration of VirtualBox (VB)

Now go to VB site and download the correct version of VB. For me it was for Ubuntu 18.04.

Once installed, you should see similar window to below one.

VirtualBox main interface

Except that I already have one windows instance installed.

Now click New button and Switch to expert mode, because it will be quicker.

Click here for quicker setup.

Fill in required fields.

Expert mode.

Name = your system instance name

= your system instance name Machine Folder = where your instance will be saved. Leave default.

= where your instance will be saved. Leave default. Type = System type. Microsoft Windows in our case

= System type. Microsoft Windows in our case Version = System version. Windows 10 (64-bit) in our case.

= System version. Windows 10 (64-bit) in our case. Memory size = RAM, make sure you do not overkill it. 25% of your PC memory should be good enough.

= RAM, make sure you do not overkill it. 25% of your PC memory should be good enough. Hard disk = We'd like to create a new virtual disk

Click Create.

Next step in VB configuration.

File location = virtual system location. Leave default

= virtual system location. Leave default File size = Size for your system. It will be taken from your actual hard disk, so also make sure you do not exaggerate

= Size for your system. It will be taken from your actual hard disk, so also make sure you do not exaggerate Hard disk file type = Normally, Oracle VM VirtualBox uses its own container format for guest hard disks. We will pick Virtual Disk Image (VDI) file. This format is used when you create a new virtual machine with a new disk.

= Normally, Oracle VM VirtualBox uses its own container format for guest hard disks. We will pick Virtual Disk Image (VDI) file. This format is used when you create a new virtual machine with a new disk. Storage on physical hard disk = For more flexible storage management, we'll use a dynamically allocated image.

Click Create. Windows should be added to your systems list.

Newly created space for windows 10.

Now, click Start button. We'll need to mount the ISO file we previously downloaded. Click the folder icon and then Add button and pick the downloaded ISO file.

Once found, click Choose and Start.

Windows10 installation in VB

If everything was successful you'll see window like above. Now go through the installation like you normally would. I didn't care much about partitioning of the space, I just assumed the instance will be only for GGPoker purposes.

Also keep in mind that if you will buy the product key, pick the right distribution of windows 10.

After what seemed like an eternity your windows is ready.

Installed win 10 on VB.

The rest of the process depends on you. My plan was to download GGPoker app. You go to your desired page and download your .exe or .msi file

Searching for the program you want to install.

Once installed and launched, you can now safely turn off your computer :). Next time you Start your windows from VB and it'll be as you left it.

Thanks!

### **Preparese para uma avalanche de demandas relacionadas a "forever chemicals", alerta advogado de defesa**

O advogado de defesa, Brian Gross, abordou um auditório cheio de executivos da indústria plástica e disse que se preparem para uma avalanche de demandas com potenciais "custos astronômicos". Gross falou f12 codigo de bonus uma conferência no início deste ano e se referia a PFAS, os "químicos perpétuos" que emergiram como um dos principais problemas de poluição de nosso tempo. Usados há décadas f12 codigo de bonus inúmeros objetos do cotidiano - cosméticos, recipientes para takeout, frigideiras - PFAS foram vinculados a riscos sérios à saúde, incluindo câncer. No mês passado, o governo federal disse que vários tipos de PFAS devem ser removidos da água potável de centenas de milhões de americanos.

"Faça o que puder, enquanto puder, antes de ser processado", disse Gross na sessão de fevereiro, de acordo com um registro do evento feito por um participante e examinado pelo The New York Times. "Revise quaisquer materiais de marketing ou outras comunicações que você teve com seus clientes, com seus fornecedores, veja se há alguma coisa nesses documentos que seja problemática para f12 codigo de bonus defesa", disse. "Descarte pessoas e encontre o testemunha adequado para representar f12 codigo de bonus empresa."
