Sara's Super Spa is a colorful and bustling game where you get to dive into the wonderful world of spas! Sara has opened her very own spa, and it's up to you to make sure it's the talk of the town. From massages to manicures, this spa has it all, and it's a race against time to keep every customer happy.

Your main

job is to help Sara handle her clients and make the spa a booming success. You'll need to be on your toes, taking clients to different stations and ensuring they get the treatments they want quickly and happily.

How to Play

Throughout the game, you'll be

guiding clients by dragging them with your mouse or touchpad. When they have a thought

bubble above their head, that shows what they want. So, you'll drag them to the right station. Some stations require you to click on the client again for a fun mini-game.

As

you step into Sara's shoes, you'll find clients waiting for their turn. But watch out! Each client has a Satisfaction Bar above their head. They may leave without paying if they're kept waiting for too long or don't get the service they want.

There are various

stations like the Cashier Station, Wash Station, and even a special Mud Bath. You'll notice green arrows guiding you on where clients want to go. Some services are automatic, like the Tanning Bed and Sauna, where you just wait for them to finish.

But

there's a fun twist! You can hire employees to help speed things up. They'll become even better as they work, moving from Beginner to Master levels. They're a huge help, especially on super busy days!

As days pass and you reach your money goals, the game will get a bit more challenging and exciting. There are 20 different days to conquer, and if you don't reach your target money for the day, you'll have to try again.

There's

more you should know!

To spice things up, the game introduces Special Events and even rare clients like Movie Stars and Brides. They can be a bit more demanding, but if you manage them well, the rewards are totally worth it!

Plus, as your spa becomes more

popular, you'll earn stars. Collect enough, and your spa will grow, even doubling in size! And don't forget about the shop: here, you can buy new stations, goodies like coffee machines and magazines to keep clients happy, and even advertise your spa for more clients.

Keep an eye on the time clock on the bottom right so you know how much time you have left for the day. If you see a waiting client getting restless, quickly drag and drop a magazine or coffee on them from the goodies you've bought. It'll buy you some time.

Everyone needs a little pampering in a world filled with hustle and

bustle. In this spa adventure, you'll not only bring joy to clients but also build and grow a business, face challenges, and make crucial decisions. Ready to dive into this thrilling journey of relaxation and fun? Dive in and let the spa-tacular adventure begin!

### **A medida que las aplicaciones de citas pierden popularidad, los estadounidenses reportan malas experiencias**

La generación Z se aleja de las aplicaciones de citas en busca de conexiones más auténticas. La revista en línea Bustle declaró que estas aplicaciones se encuentran en su "era del fracaso". No todas las aplicaciones se rinden fácilmente. Bumble presentó un nuevo diseño con el fin de recuperar a sus usuarios, incluyendo una función llamada "Opening Moves" que permite a las mujeres incluir preguntas en sus perfiles y a los hombres responder.

#### **El control en las aplicaciones de citas**

La fundadora de Bumble, Whitney Wolfe Herd, creó la aplicación con el objetivo de darle más control a las mujeres en el mundo de las citas. Sin embargo, con el tiempo, recibió comentarios de mujeres que consideraban que dar el primer paso era "mucho trabajo" o "una carga". La función Opening Moves busca dar a las mujeres el control sin el estrés de iniciar conversaciones.

#### **¿Hay futuro para las aplicaciones de citas?**

Desde la oferta pública inicial de Bumble en 2024, el precio de las acciones ha caído un 86 por ciento. Según una profesora adjunta de la Universidad de Boston, el problema reside en la falta de satisfacción de los usuarios: "Quizá ninguna [aplicación] puede satisfacer lo que buscan los usuarios".
