### Spin and Score Megaways Review

With the 2024 FIFA World Cup in Qatar coming up in late November, we expect to see a bunch of football slots from different developers eager to cash in on the hype. Pragmatic Play is hardly gonna win any award for the most original football release with Spin and Score Megaways, as this is a simple reskin of Power of Thor Megaways minus the bonus buy option.

It's the third reskin job actually, following the recent Legend of Heroes Megaways, and you get to meet some generic footballers that hardly do much to give this game any personality. The dynamic grid is placed in the middle of a jam-packed stadium, and you get the Big Wild transformation feature, a progressive multiplier bonus round and a 5,000x potential.

### Spin and Score Megaways Slot - Reels Screen

#### Spin and Score Megaways Slot Features

The premium football player symbols pay between 2 and 20 x your stake for 6 of a kind wins, and all winning symbols are removed via the Tumble mechanic. This opens up gaps for new and/or existing symbols to drop down to create new winning combos, and this process repeats as long as you keep winning.

The Golden Ball Wild appears on the top horizontal reel only, and it steps in for pay symbols to help complete wins. In addition, you can slide in a 2-position Big Wild on the top horizontal reel, and it transforms all symbols directly below into wilds if fully in view. This can repeat if the big wild changes positions via the tumble feature, but the big wild has to be fully in view to trigger the transformation modifier.

The Bonus Round triggers when you land 4, 5, 6, 7, 8 or 9 scatters in view, and this gives you 10, 14, 18, 22, 26 or 30 free spins, respectively. You can gamble to win more free spins if you get between 10 and 18 spins initially, and this is done via a wheel of fortune that awards +4 extra spin per successful gamble. A single loss on the wheel means you lose the whole bonus round.

The most you can get from the gamble wheel is 22 free spins, and the progressive win multiplier starts at x1 when the bonus round starts. The win multiplier increases by +1 per tumble win, and there is no limit as to how high it can go. The Big Wilds feature can trigger in the bonus round as well, and landing 3 scatters anywhere in the same tumble sequence awards +4 extra spins.

### The 200 Spins Spin and Score Megaways Slot Experience

You get a decent taste of the base game, before we trigger the bonus round with 5 scatters right after the 1-minute mark. We decided to collect the 14 free spins we got instead of risking it all on the gamble wheel, and the feature plays out for the remainder of the 4:46-minute highlights video.

You can check it all out for yourself by hitting the play button below.

### Review Summary

The problem with most, if not all, football slots, is that they are not even remotely as engaging as watching the game itself. Playing a round of Fifa online on your PS4 or PS5 is also a lot more fun, and Spin and Score Megaways comes with uninspired, generic visuals and a somewhat annoying soundtrack. In addition, this is also the third reskin of Power of Thor Megaways, which admittedly has been somewhat of a success for Pragmatic Play.

Without the star power emanating from the Norse god, nor any real world football stars like you get in Blueprint's D10S Maradona, there is not much here to be attracted to except the features. Double wild reels with a decent multiplier can lead to okay payouts, but the 5,000x potential is still half of what most players expect from this engine. The bonus buy option is also gone, so despite being football fans we much prefer the original Norse mythology release over this.

Pros Big Wild triggers double wild reels

FS w/ progressive win multiplier

Gamble for up to 22 FS up front

Max win probability of 1 in 867,302 Cons 5,000x potential is below par for this engine

Third reskin of Power of Thor Megaways

Beware of customizable RTP ranges

If you enjoy Spin and Score Megaways Slot you should also try:

D10S Maradona - is a far better alternative to the game at hand in our humble opinion, and this branded Blueprint release comes with 4 different cash symbol collect features. An accumulating cash pot upgrades all cash symbols on the climactic final free spin, and you can win up to 10,000x your stake.

Power of Thor Megaways - is the somewhat successful original release in what looks like it's becoming a reskin series from Pragmatic Play. You get a top reel that provides the Big Wild, which again turns all symbols below wild. The progressive multiplier bonus round is the same, and so is the 5,000x potential.

Spinions Game Day - is one of the better football slots we've tried actually, despite the non-serious approach. At least you get to see some ball passing action, and the Spinion characters are as charming as ever. You can look forward to respins with moving wild multipliers that increase per pass, and the multiplier never resets in the bonus round.
