Hilarious multiplayer experience

is an online game that combines elements of

"telephone", "puzzle" and "draw and guess" games. Players can join in a game room that can seat up to 50 players. Once all players have joined, the game begins.

is a free game that puts your logic and drawing skills to the test. In this combination of Pictionary and Telephone, one player sets a topic and passes it to the next player who then draws it. The next player then tries to recreate the original drawing — until the last player has to guess what the original theme is.

As mentioned above, the basic premise Gartic Phone is to convey a message—a phrase, object, topic, or sentence—to the last player. However, anyone in between must draw a phrase instead. In addition, there are various game modes that make the game even more challenging.

Since it's a writing and drawing game, it's best played with a stylus and drawing tablet. However, you'll find that most players are mouse-based, resulting in some hilarious artwork that mutates even more with each passing player. As each round ends, the answers are revealed. It makes the experience even more fun, as you discover where the team effort went wrong.

You can also casually play as an anonymous player or be authenticated by creating an account to save your progress and allow you to join public online servers. Of course, this game requires a strong and stable connection to make sure you don't skip frames when drawing. More importantly, an intermittent connection can cause the game to disconnect.

is available on different platforms and players can compete in public rooms or create their own private rooms to play with their friends or colleagues. The game is suitable for all ages and is a great way to socialize and have fun.

Tres invasores de campo arruinan el inicio de la final de la Champions League en Wembley

Oficiales de Wembley se han quedado avergonzados después de que tres invasores de campo causaran un retraso en la final de la Champions League entre Real Madrid y Borussia Dortmund, a pesar de la presencia de más de 2,500 stewards como parte de medidas de seguridad mejoradas.

Después de 18 meses de operaciones, se esperaba evitar la repetición de las escenas violentas que ensombrecieron la final de la Euro 2024 entre Inglaterra e Italia, con una gran presencia policial en Wembley y en Londres. Sin embargo, el juego tuvo que ser detenido apenas 30 segundos después del pitido inicial cuando tres invasores de campo llegaron al césped, uno de los cuales intentó tomarse una selfie con Vinícius Júnior y Jude Bellingham antes de ser derribado.

Otro que había eludido la seguridad durante casi un minuto fue finalmente capturado con la ayuda del centrocampista del Dortmund Marcel Sabitzer, mientras que un cuarto invasor fue detenido antes de que pudiera superar las barreras. Todos los cuatro hombres llevaban camisetas que parecían llevar el nombre de un streamer bielorruso.

El incidente causó un retraso de dos minutos en el partido, con los transmisores de televisión del Reino Unido TNT Sports cortando su cobertura en vivo. Un anuncio al medio tiempo recordó a los aficionados que ingresar al campo de juego era un delito punible.

Después del grave desorden en la final de la Euro 2024, los funcionarios habían prometido una operación de seguridad sin precedentes que involucrara a más de 2,500 stewards y una inversión de £5m en infraestructura de seguridad.

Antes del partido del sábado por la noche, la FA había declarado: "Es vital que entreguemos y hagamos todo lo posible para controlar las cosas de la mejor manera posible ... Estamos en un lugar realmente bueno, hemos planificado los detalles durante 18 meses".
