The shipwrecks in the St. Lawrence are amazing! These wrecks are well preserved and many are over 80 years old! I invite you to experience a beautiful and unique environment.

The water is pleasantly warm in Aug; we had 73 degrees and no thermocline in August of 22'. The top side scenery is almost as magical as the sunk treasures that await you.

Short boat rides whisk you past quaint little islands where in many cases you start your drift dive, descending down a rocky slope to find an old shipwreck waiting for you! These dives are a foray into maritime history like no other.

With depth ranges

from 20ffw to over 200ffw, good visibility and a steady current, the river is an excellent place to train.

The package
